Well 32 Rehabilitation

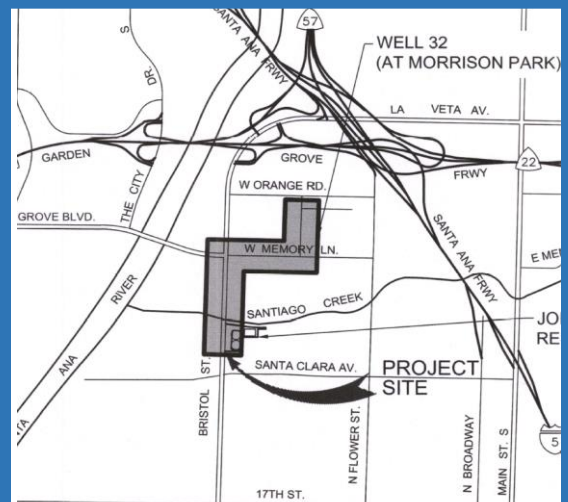

Morrison Park, N. Westwood Ave, W. Memory Ln, and Bristol St.
Tentative Schedule: July 2023 – March 2025

PROJECT NEED

- The existing Well 32 facility is currently located in an underground vault within Morrison Park and has been inactive for the past nine (9) years.
- By rehabilitating Well 32 and increasing the City's ability to produce groundwater, the City can improve the reliability of its water supply for residents and businesses and help ease the burden on other water production distribution facilities such as the Metropolitan Water District.
- The Well 32 Rehabilitation Project aims to improve and upgrade water disinfection facilities to increase the resiliency of its system and improve the overall water quality for residents and businesses.

PROJECT DESCRIPTION

- Construction of new pipeline to pump the well water to the John Garthe Reservoir
- Construction of new above ground well buildings and facilities
- Morrison Park: tennis and basketball court surface crack repairs, chain-link fence, light poles and led fixtures, new concrete walkways, and parking lot improvements
- Asphalt concrete improvements primarily along N. Bristol St (southbound), N. Westwood Ave (southbound), & W. Memory Lane (eastbound)
